Case # 2008-00257

Joint Application for the Sale
of the Coolbrook Sewer Plant

Submitted By

Classic Construction Inc.

Question # 2

Russell Givens will continue to operate a separate Sewer Plant owned and operated by his company Classic Construction.

A . There is no non-compete agreement between the two parties.

C. Classic Construction presently owns two sewer plants within Franklin County, Ky . The plant for sale being located in the Coolbrook subdivision is the only plant involved in the sale, and the only plant within the subdivision, there is no competition for the customers.

Question # 3

Classic Construction Inc. does not use journal entries to record transactions in the course of business.

Question # 6

As per my conversation with Public Service Commission staff I have attached the total income and expenses by category of the Coolbrook Sewer Plant, dated January 2008 thru August of 2008. The sewer plants annual reports can be found on file at the Public Service Commission.

Russell Givens, President of Classic Construction Inc. certifies that all information in Questions # 2 , 3, and 6 are true and accurate.

Russell Givens Pres/

Coolbrook Sewer Plant
